

ŽIVALI POZIMI

ANIMALS IN THE WINTER

Skupina RAZISKOVALCI

Prvo smo se pogovorili o letnem času ZIMA in njenih značilnostih.

Izbrali smo slike in naredili plakat.

First we talked about WINTER season and her features. We also made a poster.

Bolj podrobno smo se posvetili
živalim in kaj te počnejo pozimi.

We focused more on animals
and what are they doing in the
winter.

Ker imamo v bližini vrtca gozd,
smo se odločili, da pripravimo
pogače za ptice.

Nearby our kindergarten we
have a big forest. Because of
that we decided to make food
for the birds.

Pripravljanje pogač za ptice iz semen in kokosovega olja.

Making bird food wiht seeds and coconut oil.

Sprehod v gozd in obešanje
pogač na drevesa.

Walk to te forest and hanging
bird food on trees.
